Experience

Business Analyst Intern   **June 2024 — Aug 2024**
Futurense

- Analyzed real-time data from the USA Pathway Program, performing data cleaning, exploratory data analysis (EDA), and complex preprocessing techniques to enhance data quality.
- Developed interactive dashboards to track key business metrics and improve decision-making.
- Assisted in generating reports and insights that contributed to optimizing business strategies and improving operational efficiency.
- Delivered a detailed meet for stakeholders to showcase insights.

SQL Trainee   **June 2023 — July 2023**
Futurense

- Built and managed a database system for an online ticket booking platform, ensuring seamless data organization and retrieval.
- Applied database normalization techniques to improve query performance and data integrity.
- Designed SQL queries to handle ticket reservations, cancellations, and revenue tracking efficiently.
- Developed stored procedures and optimized queries to enhance system scalability and user experience.

Projects

Futurense-USP / *Python, Power BI, Excel*   **June 2024 — Aug 2024**

- Conducted data cleaning, EDA, and preprocessing on real-time data from Futurense's USA Pathway Program.
- Created data reports to highlight key trends and improve decision-making.
- Designed a Power BI dashboard to visualize product analysis, candidate success rates, and dropout rates, aiding decision making, improving data visualization for better insights.

BookMyShow Database Management & Analysis / *SQL, Power BI*   **June 2023 — July 2023**

- Designed and managed a relational database for efficient ticket booking and user management while optimizing query performance.
- Extracted insights on user behavior, peak booking times, and revenue trends using SQL queries, joins, and indexing.
- Created reports and interactive dashboards using Power BI/Excel to visualize revenue, theater performance, and user engagement trends.

Certificates

Power BI Data Analyst Associate   **Apr 2024**
Microsoft

Technical Skills

Languages: Python, SQL

Technologies: HTML, CSS

Visualization Tools: Power BI, Excel, Pandas, Visualization Libraries (Matplotlib, Seaborn)

Platforms: Google Colab, MySQL

Skills: Effective Communication, Team Player, Time Management

Education

Lovely Professional University Punjab   **2022 — 2026**
Computer Science and Engineering (Specialization: AI and Data Engineering) — CGPA: 7.35   *Jalandhar, Punjab*

Gyanville Academy   **2020 — 2022**
12th with Science — Percentage: 98.20%   *Hyderabad, Telangana*

Alphores High School   **2019 — 2020**
10th with Science — CGPA: 10   *Karimnagar, Telangana*
